Proclamation Honoring Royal Oak School District
Professional Educators and Support Staff

Whereas, the heart and soul of many communities is its school district; and

Whereas, the heart and soul of a school district are its many dedicated and professional employees; and

Whereas, administrators, teachers and support staff working in the Royal Oak schools are highly trained professionals who care deeply about the well-being of each student with whom they work; and

Whereas, Royal Oak citizens are extremely fortunate to have access to an outstanding school system that provides a top notch education to the students and families in our community; and

Whereas, high-quality schools provide personal opportunities for growth and advancement and contribute to the economic vitality of a community in a myriad of ways; and

Whereas, athletics, music, culture and academics are a source of pride made possible by teachers, administrators and support staff, and the service they provide us every day.

Now therefore, on behalf of all of our citizens, please join me, Mayor Michael Fournier, and the members of the Royal Oak City Commission to express our appreciation and gratitude to our school employees who help make our community a great place to live, work and raise a family.
