

American Education Week November 12-16, 2018

Attention: MEA Official Family
From: David Crim, Communications Consultant
Date: September 2018

American Education Week, November 12-16, and National ESP Day, November 14, provide an opportunity to honor all of us who have dedicated ourselves to making public schools great for every Michigan child.

I hope that all school employees in every school building across the state will use this observance to show pride in the profession and celebrate our accomplishments.

MEA has developed materials to help you make American Education Week a memorable one for your association and your members. The materials feature the message, "Value Students. Respect Educators. Fund Our Schools."
