

Technology Tools and Lesson Plan Support

Breakout Edu - <http://www.breakoutedu.com> Bring all the excitement of an escape room to your classroom in a small wooden box with this immersive learning games platform.

Class Dojo- <http://www.classdojo.com> A safe and simple communication app for teachers, parents, and students.

Classcraft- <http://www.classcraft.com> Helps teachers manage, motivate, and engage their students by transforming their classroom into a role-playing game.

Kahoot- <http://www.kahoot.com> A free, game-based learning platform that makes learning fun – any subject, in any language, on any device, for all ages.

Lesson Plans – <http://www.nea.org/tools/LessonPlans.html>

Master Teacher Project – http://www.betterlesson.com/master_teacher_projects The Master Teacher Project is committed to building a body of knowledge around authentic instructional practice. We recruit and select high-performing teachers across the country to share their rich, comprehensive lessons and effective strategies with teachers across the globe.

Pinterest – <http://www.pinterest.com> Teachers post free print outs, pictures of beautiful classrooms, and links to resources. Don't forget to follow NEA Today!

Poll Daddy – <http://www.poll daddy.com> Quickly and easily set up a survey or poll for your students. You can see the answers instantly—no tallying required.

Quora – <http://www.quora.com> If you have a question, Quora has an answer.

Remind – <http://www.remind.com> Free text messaging app that helps teachers, students, and parents communicate quickly and efficiently.

Skitch – <http://www.skitch.com> Skitch is a quick and easy photo-editing application.

Think Link – <http://www.thinklink.com> Turn a picture into a visually appealing cluster of links. Tag people in a photo and link to articles about them or cover an infographic in links for further information. Then post the image to your class's web page!

Wordle – <http://www.wordle.net> Type in verbiage and see a visual interpretation of all the words used.

Wordpress – <http://www.wordpress.org> Make your own page using Wordpress. If your students subscribe, they'll receive an email every time you post something new.
