

# 2023-2024 MiNE PROFESSIONAL DEVELOPMENT

MiNE – Michigan New Educators is pleased to announce an opportunity to join other educators from across the state in a series of workshops centered around Michigan’s Core Teaching Practices. Share concerns and brainstorm ideas with other educators in a safe and supportive environment. First semester focuses on improving student behavior. Second semester focuses on instructional practices.

## FALL 2023 SESSIONS

### Utilizing Norms and Routines to Manage the Classroom

**September 18, 2023 at 6:00 p.m.**

The importance of norms and routines to support classroom management and help manage student behavior is obvious. In this session, we will discuss strategies that work and share ideas for handling common behavior problems that can be addressed through a change in classroom procedures and rules.

### Utilizing Culturally Responsive Strategies and Relationship Building to Improve Student Outcomes and Behavior

**October 9, 2023 at 6:00 p.m.**

We all have biases that impact our interaction with others. In this session, participants will discuss their ideas and values around key elements of education and recognize how these ideas and values impact the success of our students. We will discuss strategies that will help us understand our students better and build supportive relationships with them.

### Leveraging Support Systems to Improve Outcomes and Behavior

**November 6, 2023 at 6:00 p.m.**

Successful students have a large support network. In this session, we will examine ways to build relationships with students’ families. We will also discuss how to engage wrap-around services when they are needed.
